In order that these household SUNSET files may be more useful, that the information therein may be more readily accessible when wanted, we present this index. Insert it under the rod which holds your December copy in its place in your SUNSET binder. (If you have no binder, send $1.00 for one today.)

The index to Volume 80—January-June, 1938—will be ready six months from now. It will be announced in the magazine columns. Watch for it. Start now to keep in orderly fashion the valuable information which SUNSET contains.
